TECHNICAL FIELD SPECIFICATION • TV & MEDIA WALLS

Can television power and HDMI cables be routed through a working chimney breast cavity?

BOTTOM LINE UP FRONT (BLUF) TRADE ASSESSMENT:
Is it legal in the UK to drop television power cables down an active chimney flue to hide ugly wiring? Dropping electrical mains or HDMI cables inside an active flue violates UK Building Regulations Approved Document J and creates severe fire and carbon monoxide hazards.

1. Field Engineering & British Standards Analysis

In accordance with UK trade guidelines and Building Regs Approved Doc J:

Is it legal in the UK to drop television power cables down an active chimney flue to hide ugly wiring? I'm Gary Pearce, lead physical engineer at ADI Communications. Dropping electrical mains or HDMI cables inside an active flue violates UK Building Regulations Approved Document J and creates severe fire and carbon monoxide hazards. We chase concealed fire-rated conduit into masonry isolated from the flue, or build bespoke acoustic slat media false walls with hidden brush plates. For completely invisible, legally compliant cable containment, call Gary on 07860 244 274.

2. Technical Benchmark Matrix

Specification Parameter	Standard / Budget Method	ADI Professional Trade Standard
Cabling Core	CCA (Copper Clad Aluminium)	100% Solid Bare Copper (23 AWG / WF100)
Structural Mount	Lightweight zinc standoffs	Pennine 90mph gale stainless lashing
Signal Alignment	Consumer bar indicators	Calibrated digital spectrum analyzer
Court Admissibility	Frequently rejected	100% BS EN compliant forensic evidence
